UNITED STATES DISTRICT COURT
CENTRAL DISTRICT OF CALIFORNIA

Stephen Paul Watson, Pro Se. Plaintiff v. Department of Justice, et al. Defendant(s).	CASE NUMBER: 2:25-cv-08341-CV-AJR To be supplied by the Clerk of The United States District Court Plaintiff's Answer To Defendant - RTX Corporation.

The plaintiff, Stephen Paul Watson, disputes RTX Corporation's answer for dismissal and counterclaim. The plaintiff who is pro se requested a bench trial for a speedy resolution seeking injunctive relief and not to be delayed or burdened by a lengthy jury trial. The plaintiff's complaint was only a short summary with cause of action, where additional evidence that has probative value will be provided and possibly gleaned through discovery. In reading RTX Corp's answer, the plaintiff is open to stipulation of dismissal, FRCP Rule 41(a)(ii), if he believes that he was mistaken in naming RTX Corp., or the other defendants like the DoD, or DoJ, through information gleaned from discovery. The plaintiff will follow civil procedure with meet and confer, FR rule 26(f); LR 16-2, to discuss scope of discovery with the defense, and commence the discovery process according to local and federal rules, now knowing the attorney representing the defense for RTX Corporation as stated on the PACER web site, where an answer by the defense was posted on 10-17-2025.
